2017 MOSIER HILLS TROUSSEAU

TASTING NOTES:	One of few expressions in the new world, this light-bodied wine effuses with incredible aromatics and a sensual palate. Aromas of strawberry, red currant, and cardamon enhance a refreshing, vibrant palate.
APPELLATION:	Columbia Gorge AVA
HARVEST:	September 9
MATURATION:	Destemmed, barrel fermented and aged on lees for 6 months in neutral oak.
PRODUCTION:	25 cases
ALCOHOL:	12.5%
BOTTLE PRICE:	\$38
WINEMAKER INSIGHT:	The essence of this Trousseau is pellucid and ethereal. Also known as Merenzao in Spain, this is Mencia's sibling amongst the collection of Galician varietals planted at our home site in Mosier. True to its varietal character, this wine exhibits slight reductive notes which give way to fresh strawberry & herbs.

Mosier Hills Vineyard

First planted in 2011, the Mosier Hills is the home and heart of Analemma. Undulating across a south-facing ridge sculpted by the Missoula Floods, our estate lies within a patchwork of oak and grassland, where cobblestones and glacial sands dominate the landscape. At 550 feet in elevation with only 20 inches of annual rainfall, Mosier is uniquely located at a convergence of cool, wet maritime and warm, dry continental climates. This makes it home to a rich agricultural history and well-suited to mid-season ripening varieties. Deep curiosity, observation, and a spirit of exploration guide our efforts in this uncharted terroir.

Our Philosophy

As a grower and wine producer, our primary goal is to produce fruit of individuality that reflects the place in which it is grown. We believe this is best achieved by eschewing conventional farming approaches that depend on the use of synthetic herbicides and fungicides. Our vineyards and orchards are regeneratively farmed using organic and biodynamic methods that encourage life and health.

In the cellar, we work methodically to minimize fingerprints on the wines such as oxygen, heavy oak, and the effects of filtering. Through deliberate handling we strive to capture the essence of each of the vineyards that we farm, creating a window into the site's soil, microclimate and culture.
